

DSV UK GROUP PENSION SCHEME

ADDITIONAL VOLUNTARY CONTRIBUTIONS (AVCs) FORM

Complete this form if you want to pay pension contributions of more than 4% of your Pensionable Salary. By doing so, you can increase the amount of pension and optional tax free cash you receive at retirement.

TO: THE TRUSTEE OF THE DSV UK GROUP PENSION SCHEME

Step 1: How do you want to increase your personal contributions?

I WISH TO PAY:

An extra % of Pensionable Salary
(i.e. of your basic salary)

(e.g. if you wanted to pay an extra contribution of 2% on top of the normal 4%, you should enter 2% in this box. You would then contribute a total of 6% of Pensionable Salary.)

OR

Extra amount of £(per month)

(e.g. £30 per month on top of the normal 4% of Pensionable Salary.)

OR

Extra amount of £(one off)

(e.g. £30 one off payment on top of the normal 4% of Pensionable Salary.)

Please note that if you have previously selected an investment option, your AVCs will be invested **in line with your chosen investment option**.

If you have not previously selected an investment option, your contributions will be invested in the default Lifestyle Strategy. This is explained in "Your guide to making investment decisions".

Step 2: Your declaration

This form will also act as the authority for your employer to deduct the amount from your salary.
